1	Preferably completed before your first session; course data will inform iterations.
2	Offered every semester. Complete in the order that best aligns with your schedule.
3	Small high-leverage iteration. Complete soon after the session, ideally within 2–3 weeks.
4	Offered 1–2 times each semester. Attend at least twice during the program.
5	Suggested timeframe. May be completed at any time during the program.
6	Recommended, but not required.
7	Offered every semester. Attend once during the program.
2, 4, 6, 7	**Dates will be scheduled based on participants' availability.**
